What's the
Story?

Over 80% of the world's people cannot — or would rather not — learn by reading. For these oral learners, story is the communication method of choice. It's no coincidence that God gave us 75% of the Bible in story form!

Learn how to tell accurate Bible stories and lead interactive discussions on Bible passages for family devotions and fellowships, Sunday schools and churches, Bible schools, outreach and church-planting ministries, short-term mission trips, prisons, and wherever people gather.
